Career Objective

Passionate Computer Science student aspiring to pursue a Software Engineer role, with proficiency in C++ and Java and a strong foundation in Data Structures and Algorithms. Skilled in developing scalable, high-performance solutions with strong problem-solving and leadership abilities. Eager to take on new challenges and support organizational goals with dedication and enthusiasm.

Education

Tertiary Education: Bachelor of Engineering in Computer Science(A.I Hons) **(2025 – present)**

Chandigarh University, Mohali, Punjab

Relevant Coursework: Object-Oriented Programming, Data Structures and Algorithms, Operating Systems, Databases, Computer Networks, Machine Learning, Cloud Computing

Senior Secondary Education: CBSE Board **(2023 – 2024)**

Army Public School, Chandimandir, Haryana - Percentage: 85.4%

Secondary Education: Matriculation CBSE Board **(2021 - 2022)**

Army Public School, Chandimandir, Haryana - Percentage: 85.6%

Projects

Port Scanner | *Python,Github* **Oct 2025 - Dec 2025**

- Developed a **network port scanner** capable of identifying open and closed ports on target systems using TCP/IP protocols.
- Implemented **error handling** and **timeout mechanisms** to ensure reliable and efficient scanning across multiple ports.
- Designed a simple **command-line interface** for user interaction, allowing users to specify target systems and port ranges for scanning.

Student Management System | *Python* **Jan 2026 - April 2026**

- Developed a **student management system** to efficiently manage student records, including personal details, attendance, and academic performance.
- Designed a **structured database system** for storing, updating, retrieving, and organizing student information efficiently.
- Implemented features for **adding, updating, deleting, and searching** student records, improving data management and accessibility.

Technical Skills

Languages and Frameworks: C, C++, Java, Python
Databases: Mariadb, Mysql
Development Tools & Technologies: VS Code, GitHub

Interpersonal Skills

Teamwork & Collaboration, Problem Solving , Time Management, Active Listening

Certifications

- **AI-900**– Microsoft AI Fundamentals
- **HTML, CSS, and Generative AI**– LinkedIn
- **AZ-900** – Microsoft Azure Fundamentals.

Achievements

Won a silver medal in inter school Basketball Competition(U17)

Hobbies and Interests

- **Playing Basketball**
- **Playing Guitar**
- **Swimming**
